

Network Theatre

Directions

Network Theatre is found on London's South Bank, under the arches of London's Waterloo Station, between the IMAX and the Old Vic.

Our street address is:
246A Lower Road
Waterloo
London
SE1 8SJ

If using **SatNav**, the post code **SE1 8SF** will get you closer to the entrance to Lower Road than the theatre's official post code.

Since Lower Road SE1 is a private service road underneath Waterloo Station, we aren't on many commercial maps either on paper or online - so we are notoriously difficult to find.

The **maps and illustrated directions below** will help you find the theatre, once you have arrived at Waterloo Station.

It is best to come by public transport to Waterloo Station, which is served by mainline rail services (see www.nationalrail.co.uk), the Bakerloo, Northern, Jubilee and Waterloo & City Underground lines and London Buses (see www.tfl.gov.uk). Waterloo East Station is also close by.

There is no access or parking for any vehicles (including cars, motor cycles or cycles) at the theatre. Clamping and removal is in use on Lower Road, with large charges for release and return of vehicles. The theatre is in the Congestion Charge zone (see www.cclondon.com) and parking in the area is controlled by the London Borough of Lambeth (see www.lambeth.gov.uk/parking).
